MCS WEEKLY UPDATE

WEEK ENDING 02/01/2019

Each week I write an email to the faculty, staff and Board of Education to update them on the events of the last week and to keep them “in the loop” on important issues that impact MCS. In order to foster even greater communication and transparency for the great work that is done at MCS, I will be sending a weekly update out to the larger Milford community to keep you “in the loop” as well. Here is my update for the week ending 02/01/2019:

SUPPORTING OUR BASKETBALL TEAMS

We are now into the Tri-Valley playoffs. Come out and support our teams as they battle for the championship titles. Attached you will find the basketball schedule for the next week.

CABARET

Last Saturday (2/26) the Music Association hosted their annual Cabaret Night at MCS. More than twenty students performed for the audience of nearly 100 who listened to a broad range of music throughout the evening. Thanks to all of the students who performed as well as the staff and parents who helped make the evening possible. A special thanks goes out to Lori Henry for preparing all of the food for the evening. I've attached some pictures of our students performing.

POLAR BEAR AUCTION

Last Sunday (2/27) the annual Polar Bear Jump Auction was held at MCS. Hundreds of people came out to support the event and over \$10,000 was raised. For those who have never been before, next year's auction will be held on Sunday, January 26th, 2020---mark your calendars!

4TH & 5TH GRADE FIND MAGIC IN MATH

On Wednesday, January 30th, the 4th and 5th grade classes traveled to Albany to experience Mathemagic! MatheMagic integrates math concepts with vocabulary, geography, history, and everyday problem-solving. Magician and educator, Bradley Fields, introduces students to Imhotep the Magician, (whose secret was really math), Zeno (whose paradoxes inspired Newton) and, of course Pythagoras and his famous theorem. Students and teachers stopped in Cobleskill for lunch on the way back to MCS. I've attached pictures from the trip.

6TH GRADE TRIES THEIR HANDS AT SEWING

The 6th grade students are working on a sewing unit in their Life Skills class. Check out the pictures that Mrs. Parker sent to me.

Have a great weekend, and I hope to see some of you at the basketball games!

Have a great weekend!

Mark

ATHLETIC SCHEDULE

Friday 2/1

Varsity Girls Home vs Sharon Springs 5:30

JV/Varsity Boys @GMU **Bus Leaves at 4:15**

Saturday 2/2

JV/Varsity Boys @Morris 5:30/7 1st Rd of Tri-Valley Playoffs **Bus Leaves 4:15**
